epigran®

nature's gentle anti-ageing defence

Keep your skin looking radiant and revitalised while protecting it from environmental factors

Epigran® Gentle Facial Scrub contains these ingredients which in isolation are known to do the following

Wheat bran extract

Has soothing and hydrating properties and helps to balance the natural moisture of the skin. Wheat bran extract, rich in vitamin E, also helps to nourish and protect skin.

Soya bean oil

Soya bean oil contains specific antioxidants, including vitamin E, which help to delay the appearance of lines and wrinkles.

Walnut shell

The natural exfoliating properties of finely ground walnut shells help to polish the skin and it is also kind to the environment.

Get to know Justine

Our skin experiences various changes as we age: it becomes drier, a cellular build-up of old skin cells occurs and the skin's natural oils diminish. The Epigran® range has been specially developed to provide your skin with the nourishment it needs to help it stay youthful and in healthy condition.

Know your skin...

Always keep your main skincare concern in mind when you choose a skincare treatment or daily regimen.

Dry skin

If your skin feels tight after cleansing, easily develops fine lines and wrinkles and has small or invisible pores, you may have dry skin.

Go to page 24 to see which products Justine recommends for you

Oily skin

If your skin appears shiny with medium to large pores and feels rough or coarse, you may have oily skin.

Go to page 21 to see which products Justine recommends for you

Normal/combination skin

If your skin has both dry and oily areas, large and small pores and is prone to occasional breakouts you may have normal or combination skin.

Go to page 28 to see which products Justine recommends for you

Ageing skin

If your skin feels tight and dry, looks dull or lacks radiance with visible lines and wrinkles, your skin may be ageing too fast and you should consider a targeted anti-ageing regimen.

Go to page 30 to see which products Justine recommends for you

Uneven skin

Appears lighter or darker in some areas, has dark marks or other discolorations and may also be oily.

Go to page 27 to see which products Justine recommends for you

Sensitive skin

If your skin tends to overreact to certain products, is very dry and prone to redness, you may have sensitive skin.

Go to page 20 to see which products Justine recommends for you

Very oily/problem skin

If your skin is prone to breakouts and blemishes, tends to look shiny with a coarse texture, you may have very oily or problem skin.

Go to page 22 to see which products Justine recommends for you

Dehydrated skin

If your skin looks dull and feels tight as if it needs water, it has probably become dehydrated and so have you. Increase your water intake to revitalise and hydrate your skin.

Ingredients in isolation are known to do the following:

Cranberry seed oil
High levels of omegas 3, 6, and 9 make cranberry seed oil an effective antioxidant; antioxidants enhance your skin's protection from the sun and may help to repair the effects of photoageing

Zea mays
Is easily absorbed and contains cell-regenerating ingredients and antioxidants; its smooth, silky and creamy texture makes it easy to apply while the anti-inflammatory properties help to soothe and clarify the skin

Colour your world

As a leading South African skincare house, Justine strives to create products with great benefits ... and that includes our make-up. That means fabulous colours enhanced with benefits such as anti-ageing, plumping and oil control.

① A little cover goes a long way. Tinted moisturisers give skin a sheer colour while moisturising and they are good alternatives to foundation for a natural, fresh look.

② Pressed powder can be used alone or over foundation and helps to absorb oil on the skin for a radiant and translucent glow.

Add a luminous, healthy-looking glow to your make-up by using a primer under your foundation, and use a concealer to cover up discolorations and other imperfections for a smooth finish.

Correct & perfect...

① Apply primer before foundation to smooth the skin, even out redness and help skin retain moisture.

② Choose a concealer two shades lighter than your foundation. Place three small dots under the eye where the darkest shadows are and gently pat into the skin using the fingertips.

Pretty perfect pout ...

Do you know your lipstick personality? Rich reds or fresh natural shades, there is a shade that is perfect for you. Lipstick and lipgloss are must-haves in your make-up bag and will turn every day into a celebration of colour and shine!

① Apply lipstick with a lip brush and work gradually towards the lip outline, relaxing your mouth so it opens slightly. Apply your lipstick starting at the centre of each lip working outwards. If you'd like a deeper effect, blot your lips gently with a tissue then apply another coat.

② Apply lipgloss to the middle of your bottom lip only and rub lips together to keep the gloss from going on too thick. Blot your lipgloss after you apply it and reapply as needed. Lipgloss is the perfect accessory for a natural look.

EverStay Longwearing Lipstick
Smooth, creamy formula provides excellent coverage and wears for up to four hours*. Contains nourishing vitamin E to help lips retain moisture.

Eye lights...

Make your eyes look fabulous day
or night. Complete your palette with
vibrant colours in metallic or pearl
shine and add excitement with
dramatic eyeliner.

①
Apply foundation and powder to your eyelids;
this will help the eyeshadow to stay in place
during the day. Use a sweeping movement to
apply the colour.

②
Emphasise your eyes with liquid eyeliner. Apply
it over eyeshadow to make it last longer. Start
drawing in the centre of your upper lash-line.
Draw the line as close to the lash-line as
possible, following the natural curve of your
eyelid.

Tissue Oil Cuticle
Treatment for softer,
smoother cuticles and
healthy nails.

①

Tissue Oil Cuticle Treatment is a blend of naturally derived oils with the added benefit of vitamin E that acts as a powerful antioxidant to repair damaged, dry and problem nail areas. Protects against moisture loss and creates a protective barrier to nourish and hydrate.

②

A top coat is a good way to protect your manicure and will make nails appear shinier and glossier for much longer. In addition, the top coat will protect the nail polish and make the colour last without chipping.

the power of hope

iThemba Walkathons

The Avon Justine iThemba Walkathons are a fun-filled family way to raise awareness for breast cancer. To date, Avon Justine has raised over R7 million towards breast cancer education and awareness in South Africa which is key to early detection. 27 000 walkers joined the Avon Justine iThemba Walkathons in 2011. Be one of them in 2012 and help us save lives!

In 2010 we donated R300 000 to Bosom Buddies, a support group for breast cancer survivors in South Africa. In 2011 we made donations to Bosom Buddies as well as Look Good...Feel Better.
